Me putt you long time!

Finally, a flatstick that makes you want to four-putt

Meet Agnieszka Niewiadowska. You pronounce it ... eh, who cares! Just call her the hot girl on the **Putt-Her**

(\$59.95, blueball-sports.com).

Like the old "tip and strip" novelty pens, you flip over the Putt-Her to reveal this lingerie-clad lovely. But the foxy flatstick's not just for laughs. As our smitten reporter discovered, both the putter and the Polish-born babe are legal. (Barely legal.)

Q First things first. Do you have a boyfriend?

A [Laughs] I thought you wanted to talk about the Putt-Her.

Q OK. How did you get to be the Putt-Her girl?

A I worked at a salon, and a co-worker heard that the Putt-Her people needed a voluptuous brunette. The photo shoot was fun. The photographer would say, "Give me sexy! Act like a girl on a putter!" And I'm like, "What does a girl on a putter act like?"

Q You're from Poland?

A Yes, we moved here when I was a little girl.

Q Just think. A Polish girl can grow up to be a hottie on a putter. Is this a great country or what?

A It is. My family's proud of me. It's all very tasteful, and I would never show more than I have. It's a good putter, too. It's not just a novelty.

Q Do you find golfers sexy?

A Oh, yes! They didn't used to be, with the plaid pants. But almost every good-looking guy I know plays golf. It's a sexy, classy sport. I play a little bit. The ball goes sideways. That's OK. I just like wearing the little outfits.

Q God bless you for that. Know any dirty golf jokes?

A No, but I know a clean one. Two men are playing when a funeral procession goes by. The first guy takes off his cap and lowers his head as the cars pass, then hits his shot. His friend says, "Gee, that was very respectful of you." And the first guy says, "It's the least I can do. I was married to her for 30 years."

Q Good one! You're a model, a golfer and you're funny! What size engagement ring would you like?

A [Laughs] Um, I think I'm getting another call.
